Easterners Visit Lac la Biche

Mrs. Emma Forest of Sherebrooke, P.Q. and her niece, Annette Ricard of Providence, R.I., spent several days in Lac la Biche visiting at the home of Mrs. Forest's niece, Mrs. J. Breau and family.

Mrs. Forest and Miss Ricard are making a tour across Canada.

While here they visited the nearby lakes, also the hospital and were very much impressed that a town so far north could have the up-to-date and modern buildings and hotels.

On leaving here, they will visit Edmonton, Banff, Jasper and Lethbridge before returning home.

Softball League Begins Season

Action got underway Saturday in the Lac la Biche Boys' Softball League. In two closely contested games, Arnold Michetti's Red Sox edged out Orville Franchuk's Yankees by a 15-12 score.

Winning pitcher, Gordie McCormick, gave up six walks, while striking out three batters. For the Red Sox, McCormick hit four for five. Steve Chernychyn, three for four, and Arnold Michetti three for five, were the heavy hitters. Hector Gervais batted two for three for the Yankees.

Red Sox: Arnold Michetti, Gordie McCormick, Steve Chernychyn, Jimmy Stewart, Jimmy Martin, John Patterson, Mervin Duban, Ronnie Onufriw, Dee Graham.

Yankees: Orville Franchuk, Carl Maghrabi, Hector Gervais, Ronnie Couture, Donald Michetti, Foster Stewart, Andrew Langevin, Bart Cunningham, Ernest Tom.

Umpire, Rev. R. S. H. Green; scorer, Ronnie Ponich.

In the other fixture, Adel Abougoush's Dodgers defeated Donny Dobson's Giants by a 21-18 count.

S.C. Group Meets

The Lac la Biche constituency Social Credit group held a meeting of the executives in Lac la Biche on May 15.

Hon. Gordon Taylor, minister of highways was present at the meeting to discuss problems of various districts with them.

Anglers' Paradise

By ELIZABETH PIQUETTE

It is becoming more and more evident as each summer passes that Lac la Biche and district will in the not too distant future be one of Canada's foremost tourist attractions.

Beautiful lakes, sandy beaches for younger folks, good roads and usually beautiful summer weather — What more can any tourist ask?

In years gone by when the NAR hotel was built in all its splendor, with the shores of Lac la Biche as its playground, it was impossible to even drive to Lac la Biche, and the beautiful lakes that surround us, could not be reached. This was one of the reasons why in later years this beautiful hotel was eventually sold to the Sisters and turned into a hospital. For in those days the need was great. —Conditions like this were in "The Good Old Days" we are told.

Today the picture has changed, with shorter roads to Edmonton, and good gravel highways, where one can drive along leisurely without fighting heavy traffic.

One only needs to view this past week-end — the first holiday week-end of the season, to even realize what the tourists could mean to our town. Every hotel was filled to capacity. Many visitors were in evidence. Cars driving over the highways, and into town with their boats, trailers and camping equipment — shows that the Lac la Biche district is really "On The Map."

Fishermen were out in the early hours of the morning and reports are that the banks of Owl River, Plamondon Bay, and Beaver Lake were lined with anglers. In fact, as the saying goes "there were more fishermen that fish", although satisfactory catches are reported. Pickerel seem to be plentiful this season.

So come on, folks, let's treat our visitors with the greatest courtesy so that they will return and bring with them their friends and neighbors. These anglers will return to the city with happy memories of good fishing, perfect weather and a happy week-end.

Blue Jay

SEED as you PLOW

SAVE SOIL AND SOIL MOISTURE

with the MM PLOW DRILL

In one trip, with a 3 or 4-bottom plow and Plow Drill, you plow soil or stubble, smooth the furrows for a firm and level seedbed, seed with a famous Moline-Monitor seeder and press each seedling into place. There is no side-draft because plow and Plow Drill are pulled through separate hitch points on the plow drawbar. Exclusive non-binding ball-and-socket hitch allows packer and drill to follow ground contours independently. One-trip operation checks soil erosion and helps retain precious soil moisture.

You get top performance from these features:

18-inch packer wheels, v-shaped for both sideways and downward cutting and crushing action... Sealed oil-impregnated hardwood bearings and sealed cone bearings used where best needed for long life and light draft... Zig-zag arrangement of drill discs prevents piling up of trash.

Semi-pneumatic rubber-tired press wheels flatten and expand as they turn, prevent soil from building up on wheels and help to absorb shocks... Choice of either lever lift or an exclusive power lift for raising and lowering discs. Turning with discs up reduces wear on discs and drawbar.

Stop in and let us show you all the Minneapolis-Moline Plow Drill features that give you top performance.

DISTRICT AGRICULTURIST NOTES

By J. S. LORE, D.A.

I note that there is a considerable increased interest in sheep throughout my district. I think that this is a good thing as sheep enterprise offers quick and high returns on money invested.

To help the sheep owners and prospective owners to get the most economical returns from their sheep flocks, the department of agriculture is sponsoring a sheep shearing and management day on the George Gordey farm, 3 miles south of Noral. The field day will start at 9:30 a.m. and go until 5 p.m.

The program will include sheep shearing by hand and by machine; sorting and packing of wool, trimming and crutching of ewes. It will also include docking and castrating of lambs, treating sheep for worms, spraying for ticks, and selection of breeding stock.

This is a working school so bring your overalls and other working clothes. Please come prepared to shear some sheep yourself. The easiest way to learn is by doing.

The sheep shearing will be demonstrated by experienced men, and they will help you while you learn, or improve your shearing methods.

Please note the time it starts and try to be there early, so that you can get the most out of the whole day.

If you have any particular problem with your sheep, write it down so that you won't forget to ask about it that day.

Coffee, cups, sugar, and cream will be provided by the department, but you will expected to bring your own lunch.

We hope to see a good turn-out, so that day will be well worth while.

Master Farm Family Awards

Hon. L. C. Halmrast, minister of agriculture for Alberta, reports that the Master Farm Family program is to be continued again this year. This program has been in operation for seven years during which time 32 Master Farm Families have been declared.

Nominations for the Master Farm Family Award must be signed by at least three neighbors, accepted by the nominee and filed with the district agriculturist. The family nominated must be Canadian citizens; the head of the family must be the owner-operator or lease-operator of the farm; the head of the family must have spent at least twenty consecutive years in actual opration of a farm in his own right and not in partnership. (In the case of veterans, absence on military service will be accepted in lieu.)

The award will consist of a cash award of $1,000, a plaque, and a gate plate to be placed at the entrance of the farmstead. Provision has been made for five possible winners each year. The selection begins in the district agriculturist's territory and then a winner is picked at a district level and finally at a regional level.

In each case there is a provincial selection committee appointed by the minister of agriculture and composed of a representative of the department of agriculture, a representative of the faculty of agriculture, University of Alberta, a representative of the Alberta, Federation of Agriculture, a representative of farm women and a home economist. If the committee feels no candidate from a region meets with the required standards, no award will be given.

Breynat

A wedding dance was held in the Wandering River Hall in honor of Miss Jean Sundlie and Jack O'Krusko. A large crowd gathered to present the bride and groom with a cash gift. The newly-weds will reside in Edmonton.

Clarence Koerner, an old-time farmer, has sold his property to Nick Gordichuk and Mike Mosich.

Meet your bank manager...

He's easy to meet—and a good man to talk things over with. Not just because he knows a lot about banking, but because he can be counted on to apply that knowledge and experience to your particular need.

To him banking is more than dollars and cents, more than figures in a ledger. To him, banking is the opportunity to work with people—through bank services to help with *your* problems, *your* hopes and plans.

That is what he has been trained to do. That is what he likes to do. You'll find he's a good man to know.

News Of the RCAF

RIVERS, Man. — A.C.1 Gerald Johnston of the RCAF, formerly of Lac la Biche, is taking another course in North Bay, Ont. Gerald has been at Cold Lake for about seven months.

A.C.1 J. D. Johnston, formerly of Lac la Biche, was starred as a southern gentlemen at the play sponsored by the Canadian Joint Air Training Centre Little Theatre Group, of which he is an active member. The play, "Southern Fantasy" has a cast of about 32 persons, including Airmen, Airwomen, Army personnel, service wives, and civilians. The majority of the members were members of the RCAF. Betty Hribnak, formerly of Raymond was a member of the cast.

This play will be taken to Whitehorse, Y.T. for the entertainment of the RCAF personnel up there.

The CJATC Little Theatre Group is to produce a travelogue in early September, which may be shown in Edmonton. If the show is successful, the travelogue will go to units in western Canada for the entertainment of the RCAF personnel and friends in the forces.

Doug. Johnston and a friend will entertain at CJATC under the direction of a member of the Royal Winnipeg Ballet Co. He is doing a "Gay Nineties" number with two women and another airman, Phil Beaucage, recently returned from Germany. The ballet is sponsored by the New Sarum community council. The New Sarum community council is made up of the persons, who are married and living in the district immediately around the Rivers Camp. The ballet was held May 26. The announcement of Doug. and Phil's ballet was in two Winnipeg papers.

Grassland

Mr. and Mrs. Dale Mellott are the parents of a son, born May 23.

Visitors over the long week-end included Alexandra Nakdnechny, Mary Sawchyn, Lester Corse, Alphonse Garnier, and Miss Leola Schirrmacher.

Warm, windy weather has enabled farmers to catch up on their seeding operations. Most of the wheat was seeded by May 20.

Mary Sutton is home from Edmonton, having spent four weeks at University Hospital.

The Calgary Power gang is camped in trailers near the community hall and are working between Atmore and Plamondon.

Wandering River School held a dance at the hall on Friday. Those attending spent an enjoyable evening.

Mrs. Josie Semenchuk left Thursday night for a short stay in the city.

Fred Shyian, who injured his foot at Grassland School while practicing for the track meet, is in Lac la Biche Hospital undergoing treatment.

Rustyk Sadownik, who has been attending the University of Alberta, is now working at the Namao airport.

We are still waiting on that flying platform — family size.

MOUNTED PLOWS

first choice for better farming

For WD and WD-45; 3-bottom Mounted Plows in 12-, 14- and 16-inch sizes; for CA; 2-bottom Mounted Plows in 12- and 14-inch sizes.

The trend is to mounted plows and Allis-Chalmers "built-on-the-square" design is a symbol of good farming as well as great strength. Free-Swinging from a single hitchpoint the plow follows contours naturally . . . high clearance helps you cover trash . . . natural line of draft assures uniform plowing depth.

Tough, spring steel frame and beams are set at right angles to each other and rigidly braced. No other design gives you so much resistance to twisting, springing or misalignment. Triple-strength shares—⅜ in. thick, with up to 20 percent more metal, give you correspondingly longer wear.

SNAP-COUPLER is an Allis-Chalmers trademark.

Health Unit Notes

By PEGGY GRAHAM, P.H.N.

THE IMPORTANCE OF SLEEP

The human body is an engine; it generates power, using food as a fuel. Like any other engine, the body is constantly wearing out, but sleep replaces the worn parts, night by night.

An auto engine, if supplied with fuel, will run until it is ruined beyond repair. The human body, however, has a warning device, which prevents this tiredness and fatigue. It has been proved that the body can go no longer without food than without sleep.

There are four types of fatigue: 1. Physical; 2. Mental; 3. Emotional and, 4. Fatigue, due to disease.

Growing children need ten hours of sleep; teen-agers, eight hours. During sleep, all conscious activity ceases, subconscious functions slow down, the mind relaxes. the muscles relax, the heart beats slower and breathing becomes slower.

Insomnia—inability to sleep, is caused by overtiredness and emotional or mental disturbances late at night.

For this reason, children should relax and should have no fear for at least one hour before going to bed.

Drinking stimulants, such as tea, of coffee, late at night, also may cause insomnia. Drugs to induce sleep should never be needed when in good health, and should only be taken on the advice of a doctor.

Lack of sleep reduces speed, accuracy, alertness and hearing capacity, tard also increases the amount of energy used in performing any simple act.

If the lack of sleep goes on for a long time, these changes may be permanent. It is quite wrong to think that anyone gets used to having a small amount of sleep, though some people do need more than others.

Lack of sleep also impairs growth and reduces resistance to infections. This means that children, suffering from lack of sleep, are more likely to contact tuberculosis, poliomyelitis and other diseases.

Egg Lake

Robert Lemay has returned from Drayton Valley where he has worked for the last few months.

Amedee Duperron and Edmond Pare have found work at Drayton Valley. Amedee returned for his family. Mrs. Edmond Pare will leave later. She is spending some time with her daughter, Mrs. Laurent Duperron, at Avenir.

The roads have been repaired temporarily. In one place the road was washed out about three feet deep, for a distance of 100 yards. It is now passable for cars.

Farmers are beginning to work in the fields.
